Dear Mayor Aker:

Thank you for your correspondence dated April 3, 2018 outlining the Smart Cities Challenge and your intention to make a submission to the competition.

As you know, our government is focused on supporting a culture of innovation in Newfoundland and Labrador and we are making meaningful strides in building a strong technology-based economy.

I look forward to knowing more about the City of Mount Pearl's plans and how we can engage with you to achieve our common goals. I understand that Gillian Skinner, Assistant Deputy Minister of Regional Economic Development and Diversification, has been in contact with you to discuss this initiative.

I wish you every success with your submission. Thank you again for getting in touch.

Sincerely,

CHRISTOPHER MITCHELMORE, MHA
District of St. Barbe - L'Anse aux Meadows
Minister

c. Gillian Skinner, ADM
